Processes Offered

Open Die Forgings

Single-piece or high-volume ranging from a few lbs. up to 440,000 lbs. Complex Shapes, Disk, Blanks, Hollow, Hubs & Tooled Forgings, Semi-Closed Die, Step Shafts/Spindles & Torch Cut or Profile Cut.

Seamless Rolled Rings

Comprehensive Raw Material Inventory, Strong Quality Standards, In-House Heat Treating, Machining, Saw Cutting, Shot Blasting, Mechanical Testing, NDT, Splitting & Segmenting.

Large Part Machining

CNC Vertical up to 106", CNC Horizontal up to 120", 5 Axis Machining up to 55", Horizontal Turning up to 42" and CNC Vertical Turning up to 110"

Production Machining

Heavy Equipment, Class 8 Vehicle, Material Handling, Pump/Valve, Agriculture, Industrial Hydraulics & Rail. 100 +CNC Machine Tools and Robotics. Production sizes 100 to 200,000 pcs per year. ISO 2001:2015 Certified. CNC Lathes with Live Tooling, Vertical Machining Centers & Horizontal Machining Centers.

Gears

Custom Gears, Straight & Herringbone, Gear Rack and Pinions, Helical & Spur gear up to 1DP, Worm Gear sets up to 60", In-House Large CNC Turning and Milling, I.D. & O.D. Grinding, Key Slotting up to 2" X 12" Depth. Gear Box Repair & Rebuild

Investment Casting

Steel, Stainless Steel, Tool Steels, Aluminum, Bronze, Nickel Alloys and Rapid Prototyping. Serving Defense, Food & Beverage, Pumps, Automotive, Mining and more.

Closed Die Forging

Rings, Shafts, Hubs & Stems, Rod Eyes & Clevises, Clamps & Cylinders, Hubs & Clutch Drives, Fittings and Valve Bodies, Spiders and Sprockets. Forging Design & Engineering services including Modeling, Simulation, Process Control & Digital Inspection & Finished Machining. Range of Materials including Carbon, Alloy, Stainless, Nickel Based Steels, Aluminum & Titanium.

Industries Served

- | | | | |
|---------------|-------------|---------------------|-----------------------|
| • Military | • Sub Sea | • Aerospace | • University Research |
| • Navy Sea | • Mining | • Power Generation | • Infrastructure |
| • Agriculture | • Oil & Gas | • Consumer Products | • Automotive |

Why source Your requirements with JP Moll Company

- | | |
|---------------------|------------------------------------|
| ✓ On Time Delivery | ✓ Engineering & Design Assistance |
| ✓ Quality Certified | ✓ 50 Years Manufacturing Expertise |
